

## Errata

These are corrections to previous LoARs.

### February 1991

#### Outlands

**Hancarata Aethnen filia Cuneddae.** Name change from Agharet Aethnen filia Cunedae.

When her name was changed, the LoAR inadvertently spelled her previous name as *Angharad Aethnen filia Cuneddae*.

### October 1991

#### Trimaris

**Colfre Signy Tryggvadottir.** Name appeal from Signy Colfre Tryggvadóttir.

When her name was registered, the LoAR failed to note that it was a name appeal of her earlier registration.

### December 1993

#### Atlantia

**Tadhg mac Áedáin Uí Chonchobhair.** Name reconsideration from Tadhg mac Aodháin uí Chonchobhair.

When his name was registered, the LoAR noted that it was a correction from his previous registration in December 1990; we now would more clearly call this a name reconsideration.

### February 1994

#### Caid

**James Vincent Montgomery.** Name change from Jamie MacLeod.

When his name was registered, the LoAR neglected to note that it was actually a name change. His previous name, *Jamie MacLeod*, is released.

### June 1994

#### Drachenwald

**Torbjörn Davidsson Stålklinga.** Name reconsideration from Torbjorn Dawidsson Staalklinga.

When his name was registered, the LoAR neglected to note that it was submitted as an appeal of the spelling of his prior name registration in November 1992. We would now call this a request for name reconsideration.

## July 1996

### Calontir

**Shane O'Brollaghan.** Name correction from Shane O Brollaghan and device. Per bend sinister purpure and vert, a seven-headed wingless hydra statant contourny within a double tressure Or.

This name and identical device were registered twice, once in January 1996 and once in July 1996. We are choosing to keep the latter name spelling, as it more closely matches the submission paperwork.

The blazon given for the July 1996 device registration did not specify the hydra as being *wingless*. As that is a significant detail, we are retaining the earlier January 1996 blazon.

## December 1996

### Trimaris

**Ceridwen ferch Thomas Vaughan.** Name change from holding name Amy of Trimaris.

When her name was registered, the LoAR listed it as a new name instead of a change of holding name.

## September 1997

### Atenveldt

**Michal von Michelstadt.** Name correction from Michal of Michelstadt.

When her name was registered, the LoAR didn't note that a similar variant was registered in July 1997.

As it happens, both name forms have identical name spellings, with the exception that one uses *von* instead of *of*, and so it seems the *von* variant is the preferred spelling.

## October 1997

### Atlantia

**Isibéal nic Chionaodha.** Name correction from Isibéal ní Chionaoith.

When her name was registered, the LoAR noted it as a new name, instead of noting her previous name registered in February 1997. The name was in fact submitted twice, with an identical submission form.

The second registration is closer to the originally submitted name, and thus was likely intended as a name correction instead of a name change or a new separate name.

## January 1998

### **Caid**

#### **Nicolette von Zweiberge.** Name.

When her name was registered, the LoAR misspelled her name as *Nicholette von Zweiberge*. Her original name submission was listed on the September 1997 LoAR in both the returns and the acceptances, although it was returned due to lack of paperwork. As her device was registered under the same name in December 1997, the January 1998 LoAR attempted to correct the mistake by registering her name then, but misspelled it.

## January 1999

### **Calontir**

#### **Jóhann Brattsteinn Marteinnsson.** Name correction from Jóhann brattsteinn Marteinnsson.

When his name was registered, the LoAR noted it as a new name, instead of noting his previous name registered in April 1998. The name was in fact submitted twice, identically. The second registration matches the case of the originally submitted name, and thus was likely intended as a name correction instead of a name change or a new separate name.

## December 2000

### **Atlantia**

#### **Leonidas Mantineios.** Name change from Leonidas Mantineus.

When his name was submitted and subsequently registered, the form did not indicate that he had submitted the name previously, which had been registered in June 2000. The submitter has since indicated a preference of which name to keep, so we are making that change now. His previous name, *Leonidas Mantineus*, is released.

## April 2001

### **Ealdormere**

#### **Sanchia of Ealdormere.** Name change from holding name Debbie of Ealdormere.

When her name was registered after being pended, the LoAR failed to note that she had been assigned a holding name, and thus this was a name change from holding name not a new name.

## August 2001

### Caid

**Morgan Fellwalker.** Name change from holding name Morgan of Calafia.

When her name was registered, the LoAR failed to note that she had been assigned a holding name for her device. This is a change from a holding name, not a new name.

## September 2001

### Atenveldt

**Dirk van Muiden.** Name change from holding name Dirk of Tir Ysgithr.

When his name was registered, the LoAR failed to note that he had been assigned a holding name for his device. This was a name change from holding name, not a new name.

## November 2002

### Atlantia

**Eógan Mac Ailpein.** Device change. Vert, a hare sejant erect contourny and a dexter tierce argent.

When his device was registered, the LoAR neglected to note that it was actually a device change. His previous device, *Quarterly vert and gules, a hare sejant erect contourny argent, in chief three crescents Or*, is released.

## November 2004

### An Tir

**Ysabeau Symon d'Anjou.** Name change from holding name Ysabeau of Dragon's Mist.

When her name was registered, the LoAR failed to note that she had been assigned a holding name for her device. This is a change of holding name, not a new name.

## June 2005

### An Tir

**Eleanor Ashling of Westbury.** Name change from holding name Eleanor of Saint Bunstable.

When her name was registered, the LoAR failed to note that she had been assigned a holding name for her device. This was a change of holding name, not a new name.

## January 2006

### **Outlands**

**Elisant von Zweibrücken.** Name change from holding name Elisant of Caerthe.

When her name was registered, the LoAR failed to note that she had been assigned a holding name for her device. This was a change of holding name, not a new name.

## May 2006

### **An Tir**

**Tangwystl verch Glyn ap Dafydd.** Name change from holding name Tangwystl of Seagirt.

When her name was registered, the LoAR failed to note that she had been assigned a holding name previously for her device. This is a change of holding name, not a new name.

## July 2008

### **Outlands**

**Séamus MacRae.** Name change from holding name Séamus of Dragonsspine.

When his name was registered, the LoAR failed to note that he had been assigned a holding name previously for his device. This is a change of holding name, not a new name.

## May 2011

### **Trimaris**

**Luc de San Michel.** Name change from holding name Michael Luc of Darkwater.

When his name was registered, the LoAR failed to note that he had been assigned a holding name for his device. This was a name change from holding name, not a new name.
