

## **Errata**

These are corrections to previous LoARs.

### **January 1998**

#### **An Tir**

**Wealdsmere, Barony of.** Order name Order of the Golden Oak and badge. Vert semy of acorns, an oak tree and on a bordure Or six gouttes d'huile.

When registered, the LoAR and the LoI both neglected to explicitly list the order name. An examination of the file turned up both name and badge forms for the order. We are giving the submitter the benefit of the doubt, and explicitly confirming the registration of the order name as of January 1998.

### **January 2010**

#### **Outlands**

**Caerthe, Barony of.** Badge for Order of the Black Glove of Caerthe. Or, a glove within a bordure embattled sable.

When this badge was registered, the LoAR associated it with *Order of the Black Glove*, inadvertently omitting the branch name.
