

## Errata

These are corrections to previous LoARs.

### January 2025

#### An Tir

**Moire Faie.** Name correction from Moire de Faie.

Registered in January 2025 as *Moire de Faie*, the name was submitted on the Letter of Intent as *Moire de Fae*. The submitter had requested authenticity for 16th century Ireland, and the intention was to change the name, with the submitter's permission, to *Moire \_ Faie* to fulfill the submitter's authenticity request.

As the byname was incorrectly changed on the LoAR, we are correcting it now.

#### Outlands

**Darius of Jaxartes.** Badge. Gules, in pale a pennon argent sustained by a natural demi-tiger argent marked sable issuant from a wall issuant from base argent portalled sable, a chief counter-compony sable and argent.

Reblazoned on the January 2025 LoAR as *Gules, in pale a pennon argent sustained by natural demi-tiger argent marked sable issuant from a wall issuant from base, a chief counter-compony sable and argent*, the tincture of the wall and the article before *natural demi-tiger* were omitted from the blazon.
